

Professional Grade: Max Prostate with Beta-Sitosterol

Men! Do You:

- Get up nights to go to the bathroom?
- Have trouble getting Your Stream to Start?
- Look for a men's room everywhere you go?
- Need to "go" so urgently, you can't wait?
- Worried about impotence, sexual dysfunction, and cancer?

Gary Simon

Smile!

Gary Simmons is a holistic health coach, dietary supplement expert and board member of the American Association of Drugless Practitioners. Gary turned his health challenges around in just a few months by using Omega-3 supplements. Gary is a graduate of the New York Institute of Integrative Nutrition and lives in Baltimore, MD and is the father of ten children.

"Smile at the fact your body works flawlessly 99% of the time!"

Nourishing Nutrients

Proprietary Blend of Ingredients

Beta-sitosterol is the active ingredient in saw palmetto berries, which have been used for centuries to treat patients with prostate and urinary problems. The active ingredient in saw palmetto as well as other herbal remedies such as pygeum, stinging nettle, and pumpkin seeds is beta-

sitosterol. Each MAX PROSTATE capsule contains 150 mg of beta-sitosterol. You would have to eat 2 lbs. of saw palmetto to get the same amount of beta-sitosterol as we have in ONE tablet. MAX PROSTATE is 3000 times more beta sitosterol than saw palmetto. Read our research and learn that there are many other healing benefits from using beta-sitosterol. I cannot make any health claims because of FDA Regulations but these studies show that beta-sitosterol can be used to cure such conditions as cancer, tumors, diabetes, blood clotting, ulcers, arteriosclerosis, alopecia, and inflammation. Don't take my word for this, read the studies. I published them for you to request and read. What you read will start you on the way to greater comfort and allow you to live a full and active lifestyle. It may well save your life as well. Prostate cancers kill almost as many men as all other forms of cancer put together.
